Re: Intradistrict Transfer Options

Date: July 1, 2019

HB 251 states that the parent of a student enrolled in a public elementary or secondary school in Georgia may elect to enroll such student in a public school that is located within the school system in which the student resides other than the one to which the student has been assigned by the local board of education if such school has classroom space available after its assigned students have been enrolled. However, the Turner County School System has only one school per grade span (one elementary school, one middle school, one high school) thus the Intradistrict Transfer Option is not available to the students of Turner County.

While the Intradistrict Transfer Option is not available to the students of Turner County there are countless other opportunities available to our students. Our hope is that you will reach out to your school to discuss ways for you to become an active member of your student's education. Please feel free to contact Brandy Register, Parent Involvement Coordinator, at brandy.register@turner.k12.ga.us to discuss the Turner County Parent Engagement Program.
